725 15th Street, NW, 10th Floor
Washington, D.C. 20005

Dear Ms. Davenport-Ennis:

Thank you for sending me the National Patient Advocate Foundation health care survey. As a member of Leadership in Congress I'm involved in negotiating compromises within the caucus, thus responding to the many questionnaires I receive throughout the course of the Congressional Session is problematic. I have nothing but respect for your organization and hope you will understand my concerns.

I am proud of my record advocating for Health Care during my ten years as a member of the House of Representatives. Most recently I was proud to vote twice for SCHIP, legislation that would have expanded health insurance benefits to millions of Children. Throughout my tenure in Congress I have held numerous public forums and hearings in my Congressional district and have remained in touch with my constituents.

Please contact me if you have any questions or concerns. You may also visit my website at www.LarsonforCongress.org for additional information.

All the Best,

JOHN B. LARSON
